Topic: **NZR Framed Card Authenticity**

Dear David,

In appreciation of your Master Distributor sales success, Tap'n'Play are pleased to offer you the two remaining framed NZ Rugby Signature panels containing cards from the All Blacks National Teams and the five, New Zealand Super 15 Franchises. As you can see, the players are the most distinguished in each team.

The cards inserted into the packs were pre-numbered, 1-200. The cards used in the framed series were one of five, un-numbered cards signed by all players in the presence of a Tap'n'Play representative (Neil Armstrong) and NZR Licensing Manager (Harriet Anderson) for framing purposes to celebrate the first ever NZR Trading Card Series. These cards are identical but were in addition to the 200 numbered series for each player.

Of the five sets created:

- One set hangs in the Tap'n'Play board room
- One set was given to NZR headquarters in Wellington New Zealand
- The All Blacks Shop at Auckland Airport has one set on display (framed with an All Blacks Jumper)
- One set was used as a prize on Sky Sports NZ
- One set sent to David Solomons

Thank you David for your ongoing support.

Neil Armstrong
